This event made me think of our advisors at UCR

Dr.Walker and Dr.Haberer I was thinking we should have an officer lunch with them. What do you ladies think? If we can't agree on a time, we can allocate our officer time for dinner if it come down to it. <http://www.doodle.com/mf5qvtw6dz4ydh5>

- February 13<sup>th</sup> Company Event-NAVFAC (civilian navy engineering job opportunities)

Time is not set, what is best for you. I was shooting for 6-730pm

Beth and Susana do you have enough volunteers. Start sending out emails as soon as the ice cream social is over. Don't forget to reserve a room, I prefer WCH 205/206 almost always.

- Are you going to the SWE Regional conference. This is the last time I will ask.

**Katelyn & Steph:** Let me know if you really want to do the pancake fundraiser.

**Shrina:** People have been asking for company tours so, everybody if you have any company in mind let Shrina know. I will be arranging a tour for JPL for sure.

**Bre & Salsa:** Good job on SSED planning. This is not urgent but don't forget to think of projects/experiments for Lockheed day and make the planetarium.

**Danah:** Nice pictures, keep taking pictures at as many events as possible people like to see themselves lol + it's good for documentation.

We will be holding officer elections during our week 9 meeting.

So encourage members and friends to run for positions.
